www.cfwe.org

Now Available: Citizen's Guide to Colorado Water Law

The Colorado Foundation for Water Education is pleased to announce the release of the *Citizen's Guide to Colorado Water Law* in March 2003.

This 36-page full color booklet, authored by Justice Greg Hobbs of the Colorado Supreme Court, explores the basics of Colorado water law, how it has developed, and is applied today. Readers can learn more about surface and ground water allocation and regulation, understand concepts such as interstate compacts, or read about how a "call" for water works.

These guides are designed to be easy-to-read, yet comprehensive enough to serve as a valuable reference tool.

Booklets may be ordered in two ways:

Order On-line:
